Newport Public Library Computer Guidelines

The staff and volunteers of Newport Public Library may terminate a user's computer session, and restrict future access privileges, if library rules are not followed, or if malicious intent is suspected.

1. Before using computers, please ask the librarian on duty at the circulation desk.

2. There is a thirty minute limit on computer use if anyone is waiting to use that computer.

3. Public email is allowed from Web-based email sites only (Hotmail, for example).

4. History of the Websites you have seen is public information. Your Internet session will be ended if the sites you are viewing are deemed inappropriate to a public library setting where children may be present.

7. Any intent to disrupt, alter, or destroy programs or files on library computers will result in suspension of computer privileges.

8. Library staff are available to assist you with computer use. Please ask for assistance when necessary.
